As the objective of the CSJ program is to support youth entering the Canadian labour market, the temporary nature of an international student's time in Canada does not allow for a long-term connection to the labour market. International students include anyone who is temporarily in Canada for studies and who is not a Canadian citizen, permanent resident, or person who has been granted refugee status in Canada. Youth awaiting a refugee status ruling, as well as those who hold a temporary visitor visa, youth visa or work visa are ineligible.
