

COMMUNITY PARAMEDICINE PROGRAM BACKGROUND

Delivery of all Community Paramedic Programs is through the District of Nipissing Social Services Administration Board (DNSSAB).

The program operates from the Nipissing Paramedic Services main base in North Bay, with outreach offices in West Nipissing and Whitney, Ontario.

Since it began in 2014, the program has continued to expand in size and scope to serve the residents of the entire District.

All Community Paramedics in the program receive training designed specifically to support patients in the community, with the ultimate goal of increasing quality of life and promoting healthy living.
